4 Section 1 - Proposal Name: KSA's Annual Food Festival

5

6 Section 2 - Purpose of the Request: This is a request for funds to support the Korean Student

7 Association's (KSA) annual food festival. The event was successfully run last fall with over 150 people

8 attending and a diverse mix of OCU international cultures and students. They are requesting funds to

9 help pay for detail items such as "Korean" food ingredients, advertising, transportation, and a goods

10 auction (see expenses below).

11 Section 3 - Background Information: This annual food festival is the one and only event KSA does every

12 year. It is a landmark one because every cultural aspect of Korea is exhibited in this event from dressing,

13 decorations, exhibitions, musical performances, and of course food. The food is strictly indigenous

14 Korean food like Pulgoki (Korean beef teriyaki), Kimchi (traditional Korean vegetables stir-fried), Korean

15 noodles etc. These traditional goods are extremely (about double the price) expensive and some aren't

16 even in Oklahoma so part of the organization will travel to Dallas to get them. Some of the fundraising

17 was out of pocket spending from the organization members. They will also sell tickets to the event @ \$3

18 a person and do an auction of indigenous Korean arts and crafts and artifacts. The event will tentatively

19 be on October 20th at the great hall pending senate's approval.
